## WAR DECLARED ON BEEF TRUST OVER COUNTRY

Announcement from Washing-  
ton That Department of Jus-  
tice Will Start Suit Echoed  
by Radical Action.

MANY CITIES IN  
LINE FOR FIGHT

Stockmen Declare They Will  
Be the Only Ones Hurt by  
the Turn of Affairs.

(By Associated Press.)  
WASHINGTON, Jan. 21.—The  
"beef trust" is to be prosecuted by  
the national government. The de-  
partment of justice evidently be-  
lieves its existence is a leading fac-  
tor in maintaining the present high  
prices of fresh meat. The contem-  
plated action of the department fol-  
lows an investigation that has been  
conducted by special agents for some  
months. Initial proceedings will be  
taken before the grand jury in Chic-  
ago, and may include civil and crim-  
inal action. The firms mentioned in  
connection with the matter include  
Swift & Co., Morris & Co., and Ar-  
mour & Co.  
One possible method of action may  
be a suit to dissolve the National  
Packing Company under the Sherman  
anti-trust law. Upon learning of the  
intended action by the department of  
justice, Alfred R. Union, head of the  
legal department of Armour & Co.,  
hurriedly left for Chicago. Mr. Union  
has been in Washington more than a  
week, watching developments in the  
proposed action, and it is understood  
that he has had conferences with the at-  
torney general.

CHICAGO, Jan. 21.—The movement  
to combat high prices of meat spread  
rapidly today, assuming a national  
character. Coincident with the  
growth of the movement came the  
announcement from Milwaukee and  
Cleveland that prices of meat had  
dropped. From Denver came the re-  
port that Sam Dutton, president of  
the Western Hotel Men's Protective  
Association, announced that the pro-  
position of cutting down the consump-  
tion of meat be brought before his  
organization at a meeting to be held  
here January 21.  
Dispatches from Baltimore, Mil-  
waukee, Kansas City, Omaha, Mem-  
phis, Pittsburgh and other cities told  
of the rapid growth of the movement.  
Cleveland is credited with being the  
originator of the scheme, and now  
has 30,000 names enrolled in the  
crusade, while Kansas City reports it  
may have 80,000.

DENVER, Jan. 21.—The growing  
movement to boycott meat has aroused  
the stock men of the west to pro-  
test that the effect of a boycott will  
be against the stock men rather than  
against the packers.  
Tonight the directors of the Western  
Stock Show association composed of  
five hundred western stockmen, and  
business men interested in live-stock  
production, adopted resolutions con-  
demning the movement as calculated  
to discourage the increased produc-  
tion of meat animals. It is asserted  
that a number of live stock organiza-  
tions are preparing to protest and call  
attention to the danger of the de-  
picted production which will follow  
the present movement.

CLEVELAND, O., Jan. 21.—It is  
said that 100,000 people here have now  
pledged themselves to abstain from  
meat for thirty days. The Ohio legis-  
lature has taken up the question and  
a committee to investigate the costs  
of meat will open its session next  
week. Since the inception of the  
strike beef, lamb and pork have drop-  
ped in price. Beef declined 15 cents  
a hundred at wholesale yesterday,  
and lamb ten cents today. Ten thou-  
sand householders, are reported to  
have signed petitions against eating  
eggs until the price has dropped to  
25 cents. Retail butchers have been  
compelled to cut down their working

## EVERYBODY VINDICATED BUT IRISH DICTATE.

LONDON, Jan. 21.—From re-  
turns received late tonight, the  
status of the various parties in the  
general elections is as fol-  
lows: Unionists, 184; Liberal-  
ists, 159; Laborites, 22; National-  
ists, 58; Gains: Unionists, 81;  
Liberals, 10; Laborites, 1. From  
returns announced of today's vot-  
ing, Unionists gained 10 seats,  
Liberals none.  
There is hardly a question that  
the Irish hold the whip hand  
over Premier Asquith in the com-  
ing parliament. The Unionists  
have made steady gains on the  
popular vote almost throughout  
England, and to a much lesser  
extent in Scotland and Wales,  
but all parties and factions of par-  
ties claim the results as vindica-  
tion of their policies.

## TUNNEL BLAST CATCHES MEN AND KILLS 15

Workman Trips as They Are  
Leaving the Place and Sets  
Fire to the Fuse on Expi-  
sive.

(By Associated Press.)  
FISHKILL, LANDING, N. Y., Jan.  
21.—Fifteen men, three of them  
Americans, were killed today by the  
premature explosion of nitro-glycerine  
in a tunnel that is to form a part of  
the great aqueduct which will car-  
ry water from Ashokan dam, in the  
Catskills to New York city.  
Five men were seriously mutilated,  
but were so near the mouth of the  
tunnel that they were rescued alive.  
The others were found beneath the  
mass of rock and debris, literally  
hammered by the force of the ex-  
plosion into a bleeding mass of heads,  
limbs and torsos. It is believed that  
a workman, carrying a torch, tripped  
and fell, lighting the fuse and set off  
a series of charges of explosives.  
A squad of twenty men involved in  
the accident, having drilled holes and  
placed the explosive, were leaving the  
excavation when the explosion oc-  
curred.

## NOBLE BLOCK AT PHOENIX IS SOLD

BIGGEST PROPERTY DEAL IN  
HISTORY OF THE CITY PUT  
THROUGH.

(By Associated Press.)  
PHOENIX, Jan. 21.—The biggest  
deal ever made in the inside property  
of this city was consummated today  
when J. W. Dorris bought of the Se-  
curities Trust Co. what is known as  
the Noble block for \$165,000. The  
building is four stories, the largest in  
the city, of concrete construction, and  
cost to build more than \$50,000 in ex-  
cess of the price paid, not counting  
the value of the ground.  
John Noble, its projector, in its con-  
struction became financially embar-  
rassed, fled, and in due process the  
property went into the hands of the  
trust company organized for its ex-  
ploitation, at a figure which makes  
this latest transaction a profit for the  
seller as well as a fine investment  
for the buyer.

force from one-third to one-half, and  
several have retired from business.

ST. JOSEPH, Mo., Jan. 21.—An anti-  
meat union of more than 100 members  
was formed today. The members will  
abstain from meat for thirty days.  
The conference of Seventh Day Ad-  
ventists of the western states, now in  
biennial session here, has established  
for its members a restaurant at which  
only vegetables, grains and fruits are  
served.

## 40 KILLED IN WRECK ON THE CANADIAN SOO

Cars Plunge Into River, Drown-  
ing Some Like Rats, While  
Others Burn to Death a Few  
Feet Away.

(By Associated Press.)  
NORTH BAY, Ont., Jan. 21.—At  
least a score, perhaps two score, per-  
sons were killed today when four  
cars of the Canadian Pacific passen-  
ger train on the Soo branch jumped  
the track and plunged down a steep  
embankment and went through the  
ice into the Spanish river. Some were  
drowned, while others were crushed  
to death. One of the splintered cars  
burned on the brink of the river, but  
everyone in it escaped without serious  
injury.

The injured were taken to Sud-  
bury and include the following:  
Thomas Parish, St. Paul; Mrs. Geo.  
P. Dier, Beltsville, Minn.; Silke Ni-  
kola, Max, N. D. McDonald, Minne-  
apolis; E. Mansfield, Montreal; injured  
internally; D. M. Brodie, police mag-  
istrate; Sudbury; Samuel Bullard, St.  
Paul; A. O. Odesman, Norway; W. J.  
Bell, Sudbury; Joseph Deelouch, Erin  
River, Mich.; J. H. Wade, Sudbury;  
R. Russell, Hamilton, Ont.; Mrs.  
Honde, Sault Ste Marie (since died).

SAULT STE MARIE, Mich., Jan.  
21.—Though impossible to secure the  
names of the dead and injured and  
details of the Canadian Pacific wreck  
reported on the Soo branch of the line  
near Espanola this afternoon, it is  
asserted that forty-eight lives were  
lost and thirty-two passengers in-  
jured. The accident, according to  
reports, was caused by the rear por-  
tion of the west bound train being  
derailed by a broken rail on a bridge  
over the Spanish river. The first  
class coach and dining car were sub-  
merged, it is said, in the stream. All  
the killed are thought to have been  
in these cars.

A special relief train with a diver  
aboard, left the Soo tonight for the  
scene. Until the diver reaches the  
submerged cars none of the bodies  
can be recovered, not the names of  
the victims obtained. Some of the  
injured were transferred on a special  
train to Sudbury, where they are be-  
ing cared for. Espanola, the scene  
of the accident, is forty miles west of  
the Soo.

MONTREAL, Jan. 21.—The follow-  
ing statement in regard to the wreck  
was given out by the Canadian Pa-  
cific tonight.

"The last half of the train from  
Montreal to Minneapolis left the track  
Friday afternoon near Algoma. The  
cause is reported to be a broken rail.  
One coach went into the Spanish river,  
and several passengers were sup-  
posed to have been in it. The dining  
car was partly submerged, but the  
passengers escaped. The sleeping  
car turned over on its side. About  
ten were injured, all passengers, two  
somewhat seriously. They were taken  
to the Sudbury hospital. Special  
trains have been sent to the scene."

NORTH BAY, Ont., Jan. 21.—Ac-  
cording to information is lacking as to  
the number of dead in the wreck  
near Webbwood, but indications are  
that twenty-five passengers were in  
one car, which was entirely sub-  
merged in the river. Another coach,  
carrying about twenty-five, caught  
fire, many losing their lives in the  
flames.

## AVIATION MEET CERTAIN.

(By Associated Press.)  
PHOENIX, Ariz., Jan. 21.—The avi-  
ation committee announces tonight  
positively the securing of a guarantee  
fund for the meeting here February  
10, 11 and 12. A promoter arrives to-  
morrow to sign the contract and if  
his end of the proposition is deliv-  
ered as made, the meeting will be an  
absolute certainty. There is much  
enthusiasm locally and no doubts as  
to the success of the project.

## PHOENIX SEES IT.

(By Associated Press.)  
PHOENIX, Ariz., Jan. 21.—Haley's  
comet was seen by the whole town  
tonight as plain as a sky rocket.  
Some of the observers say they have  
been noting it for the past week.

## ANOTHER MAN SELECTED BY THE MINORITY

Democratic Caucus Names  
Member to Serve on the  
Pinchot Probe and Puts It  
Up to Uncle Joseph.

(By Associated Press.)  
WASHINGTON, Jan. 21.—Repres-  
entative James H. Graham of Illi-  
nois, was tonight chosen in place of  
Representative Lloyd of Missouri as  
the second democratic representative  
in the congressional committee to in-  
vestigate the interior department and  
forestry service. Ollie James of  
Kentucky is the other democrat al-  
ready chosen. Graham's selection  
was made at a caucus. He was nomi-  
nated by Mr. Clayton of Alabama,  
and the nomination was made unani-  
mously.

Speaker Cannon had paved the way  
for this action by ruling, just before  
the house adjourned, that a member  
of that body could not be forced to  
serve on the committee against his  
will. This sustained the resignation  
of Mr. Lloyd, who had protested that  
his duties as chairman of the Demo-  
cratic Congressional Committee would  
make it impossible for him to serve.

Tonight's caucus occupied several  
hours. Several members criticized  
President Taft and Speaker Cannon  
as attempting to dictate the party's  
action on the committee. Mr. Ellerbe  
of South Carolina offered a resolution  
that the democratic party should not  
submit to republican dictation.  
Mr. Richardson of Alabama, and  
others spoke along that line. But  
Chas. Clark and Mr. Underwood of  
Alabama, aided by other members,  
convinced moderation, suggesting in  
a general way that it was the repub-  
lican party's policies, and that it  
would be best to act conservatively.

## MORRISON TAKES OATH OF OFFICE

NEW FEDERAL DISTRICT ATTOR-  
NEY COMPLIES WITH THE LAST  
FORMALITY.

(Special to Review.)  
PHOENIX, Jan. 21.—Joseph E. Mor-  
rison of Bisbee took the oath of office  
as United States district attorney for  
the territory of Arizona this morning.  
The oath was administered by Chief  
Justice Kent.

The ceremony was witnessed by a  
number of Mr. Morrison's friends, in-  
cluding his law partner, Franklin R.  
Dorr, Mayor George Neale and others.  
Upon completion of the ceremony he  
received numerous congratulations  
from everyone who knew him.

Mr. Morrison will probably arrange  
for a session of the federal court in  
the immediate future, although no  
definite steps were taken today.  
Attorney F. B. Dorr, Mr. Morrison's  
law partner, was admitted to practice  
in the federal courts today.

## STOCK MARKET.

(By Associated Press.)  
NEW YORK, Jan. 21.—The stock  
market gave further evidence today  
of the good effect of the purging pro-  
cess to which it has been subjected  
this week. Good absorptive demand  
was shown at all levels during the  
day. Preliminary estimates of the  
week's currency movement pointed to  
another heavy influx of cash to bank  
reserves. Something near \$15,000,000  
has been received, apparently from  
all sources combined.

## BANDITS HOLD UP AN EXPRESS TRAIN.

ST. LOUIS, Jan. 21.—Missouri  
Pacific train No. 8, from Kansas  
City, due here at 10:40 p. m., was  
held up by four masked men be-  
tween Glencoe and Eureka, thirty-  
two miles from here, at 9:45 to-  
night. A man mounted the cab,  
and holding the engineer and fire-  
man prisoners, detached the mail  
and express cars. The engine  
crew then ran the engine into the  
city and gave the alarm. The  
passenger coaches are stranded  
near the scene of the hold-up.  
The missing cars and engine  
are somewhere in this district of  
thirty miles. A posse of deputy  
sheriffs and railroad detectives  
are searching the district. The  
safe in the express car is sup-  
posed to have contained several  
thousand dollars.

## W. H. KIRKLAND OLDEST WHITE SETTLER DIES

Arizona's Grand Old Man, Who  
Has Spent 54 Years in Ter-  
ritory, Receives the Final  
Summons.

(By Associated Press.)  
PHOENIX, Jan. 21.—News is re-  
ceived of the death of William H.  
Kirkland, in Winkelman, Thursday  
morning. It was sudden, as he was  
in good health at the latest former ad-  
vice, though no details were given.  
He was the oldest white settler of  
continuous residence in northern Ari-  
zona, perhaps in the entire territory.  
In 1856, in Tucson, he raised the  
first American flag to float over what  
was then known as the Gadsden pur-  
chase, a part of present Arizona.  
Later he moved north to Yavapai  
county, settling in Kirkland valley,  
which is named after him, as also  
is the railroad station.  
He was one of the first settlers in  
Phoenix and Tempe. He was married  
in Tucson in 1860 and his wife was  
with him at his death. The oldest  
daughter was the first child born in  
Phoenix.  
Mr. Kirkland was born in Peters-  
burg, Va., July 12, 1832. He crossed  
the plains with a wagon train. To the  
end of his life he was as straight  
as a sapling, walked erect, and stepped  
as actively as a man of forty, and  
was but partly gray.

## BIG BANK CLOSES, TREASURER GONE

BAY STATE INSTITUTION IS FOR-  
BIDDEN BY COURT ORDER TO  
CONTINUE.

(By Associated Press.)  
SOUTHBRIDGE, Mass., Jan. 21.—  
Deposits of \$2,268,791 were tied up  
today when the Southbridge Savings  
bank was closed by order of Judge  
Loring of the supreme court, who is-  
sued an injunction following the dis-  
covery by bank examiners of an ap-  
parent discrepancy between the de-  
posit ledger and the statement of de-  
posits, as submitted by John A. Hall,  
treasurer of the bank.  
The injunction restrains the bank  
from transacting business until fur-  
ther notice. Treasurer Hall's where-  
abouts is unknown here tonight. He  
has been absent since yesterday.

## TAGGART IS INJURED.

(By Associated Press.)  
NATCHEZ, Miss., Jan. 21.—T  
Taggart, Democratic nation-  
teammate of Indiana, spe-  
cially selected to represent the  
result of an accident whi-  
near Fayette, Jefferson co.  
day. Although extremely pa-  
in, it is stated his injuries are not d-  
ous. He will be taken to his h-  
in Indianapolis tomorrow, acc-  
panied by a physician.

## 'GET BUSY' SAYS PRESIDENT TO THE SENATORS

Sends for Leaders and Asks  
That They Start to Redeem  
Platform Pledges of the  
Republican Party.

POSTAL BANK BILL  
ONE OF MEASURED

Pointed Talk Brings Forth  
Pledge from Visitors to  
Act at This Session.

(By Associated Press.)  
WASHINGTON, Jan. 21.—President  
Taft read in the press today that the  
senate was marking time while the  
house was struggling with the vari-  
ous appropriation bills. So he sent  
for Senators Penrose of Pennsylvania,  
Crane of Massachusetts, and Carter  
of Montana, and asked why it would  
not be a good thing for the senate to  
"get busy" on some of the measures  
he has recommended. Senator Ald-  
rich, being absent from the city, was  
not included in the summons.

The president broached the subject  
of the postal savings bank bill. The  
senators summoned are members of  
the committee on post offices and po-  
roads. Mr. Penrose is chairman. Sen-  
ator Carter is sponsor for the meas-  
ure. But some senators, it was sug-  
gested in reply to the president, are  
not warm advocates of postal banks.  
"The Republican platform called for  
postal savings banks, and surely the  
senators are going to redeem the  
party pledges," the president informed  
his callers.

But what about the house? This  
was propounded as a poser. Presi-  
dent Taft is said to have assured his  
visitors they need not worry about  
the house. He said that there was  
every reason to believe the house  
was coming around all right.  
So it happened that when Senators  
Penrose, Crane and Carter left the  
White House, the latter, acting as  
spokesman, declared:

"The postal savings banks proposi-  
tion will become a law at this ses-  
sion."  
Postal banks, however will not be  
the first Taft measure considered.  
The president ranks in his recom-  
mendations to congress, the interstate  
commerce law as of first importance,  
and he so indicated his position to  
the senators this afternoon.

The president told the callers that  
he also regarded at least one of the  
conservation bills he has recommend-  
ed to congress as of prime importance.  
This is the bill to validate the with-  
drawn lands containing water power  
sites, coal and phosphates. The  
valuable Alaska coal lands are in-  
cluded in the withdrawal. Mr. Taft  
is anxious to have it validated.  
Senators Penrose, Carter and Crane  
took back this word to the capital  
late today and passed it along the  
line. The president is confident that  
Senator Aldrich will do all he can  
to further the passage of the postal  
bank bill. This bill, it is argued,  
will give the ledger of the senate an  
opportunity to show to the people  
that they are to get their share of  
the benefits of the forthcoming finan-  
cial legislation.

Throughout the present congress  
is agreed, the caucus rule is in  
vogue in the house of repres-  
entatives. This is credited to the  
president. The po-  
Cannon and the re-  
tee have been  
caucus is c-  
for provi-  
each  
the
